In-House Standby Pilot Program

Chief

Michael Spatz

Assistant Chief

Eric McEvoy

We are implementing a pilot program initiative designed to assist members who may be unable to respond to alarms due to their location, work situations and to overall support those who are falling short on alarm percentages or LOSAP points.

It is clear that during daytime alarms, there is a strong need for both medical technicians, crew members and qualified drivers. To address this, we are proposing a structured in-house standby program. Members would commit to a **four (4)** hour shift at the firehouse, during which they would be available to drive either the engine or ambulance, ride as a crew member or as a medical technician.

This program is exclusively based on a **volunteer capacity**. Members will not be forced to participate but are strongly encouraged to participate.

To receive credit, **members must complete a full four-hour time block** (e.g., 8:00 AM–12:00 PM or 12:00 PM–4:00 PM). Credit will be given for both the standby period and for any alarms responded to during that time.

Standby participation **must take place at the firehouse**. The only exceptions would be leaving to fuel the apparatus or taking a member out for approved driver training or purchasing food (within the geographical restrictions that is outlined in the Chiefs policy).

Logistics and Implementation:

- A sign-in sheet must be submitted for each completed four-hour block, indicating the date and time the standby occurred.
- Until a calendar system is established, standby drivers should notify the Chiefs via text message to inform them of the time block they will be covering.

Medical Officers Report,

██████████ remains on medical leave.

The new candidate for firefighter, M Rathe was cleared to Class A firefighter.

Health and Safety, Dr Basri office, has contracted First Care, at 2360 Grand Ave Baldwin, which is one block before Baldwin Headquarters as the new physician we will be sending new candidates to for physicals. The only change, to maintain costs effectiveness, they will make an appointment to at any Quest lab for bloodwork. They are providing their lab form so we are charged under their account.

The four members that are now back from college will be given the paperwork for their physicals, I need a date from you as to when they need to have the physical completed.

Covert school summer Pre-K program has again asked us to come to their program with trucks and the "Don't be afraid of the firefighter in gear" The date has yet to be determined.

I have contacted Colorfully Yours a division of Viking in Lindenhurst to order helmets. They will be getting back to me with availability and pricing.
